

# REDFERN WATERLOO

## Communities and Renewal Forum

**This Forum includes presentations and discussions of contemporary community renewal research and best practice, and provide you with the opportunity to shape community renewal research in Redfern and Waterloo**

Jim Diers (Neighbour Power: building community the Seattle way) is an expert on community working with Government to achieve renewal. His work in Seattle (USA) over many years is now being replicated across many cities in the world. Jim will bring his toolbox of techniques and inspiration to Redfern and Waterloo for this one off special event.

***Jim's presentation is sponsored by Housing NSW and the Redfern Waterloo Authority with the support of REDWatch.***

Also Bruce Judd (UNSW) is a well known Sydney urban planner, Bruce will present Urban Design and Masterplanning 101. He has worked with Housing NSW on several of its major renewal projects – Bonnyrigg, Minto and Airds – and has a long history of working with the Redfern and Waterloo communities on renewal and community development.

Community Renewal Research: overview of contemporary community renewal research followed by discussions.
