How Your Voice Will Be Heard

Community Consultation Framework for the Future

All Residents can be involved

Upcoming meetings and events will be advised to residents in our inaugural newsletter and website (still under construction). A Community Forum to meet at least four times a year will be open for members of the public to attend. The purpose of this Forum is to provide the Minister with advice on the broad strategic direction of the Redfern-Waterloo Plan and provides the community with a direct link to the Minister.

Human Services Review Update

Two community workshops held on 4 April 2005 identified preferred outcomes community members want from human services in Redfern and Waterloo.

Around 60 participants identified outcomes in relation to children and young people, families and community. Some initial work was also undertaken to identify how such achievements might be measured. This information has been passed on to the Interim Human Services Advisory Committee and the cluster groups set up to develop Stage One of the Human Services Plan.

The cluster groups, consisting of people responsible for providing services in Redfern-Waterloo, will open to the public their scheduled meetings for the week commencing 2 May 2005.

Community members who wish to have a say about solutions that are being developed are encouraged to attend one or more of the following community workshops:

- Tuesday 3 May 2005: Health services
- Wednesday 4 May 2005: Services for Aboriginal people
- Thursday 5 May 2005: Youth services
- Friday 6 May 2005: Services for families and children

All meetings will be held on level 11, Tower 2, TNT Towers, 1 Lawson Street, Redfern. For further information and times contact Samantha Nolan, phone 9202 9100.
