## EVELEIGH HERITAGE WALK PROJECT APPLICATION

### EXHIBITION OF ENVIRONMENTAL ASSESSMENT

The application for the Eveleigh Heritage Walk is currently on hold. The RWA is working with RailCorp to develop options for the upgrade of Redfern Railway Station. This upgrade will provide for a pedestrian link between the Australian Technology Park and Darlington.

The EHW will support the revitalisation of the Redfern-Waterloo area, and increase connections and access in the area.

The EHW is comprised of the following elements:

- steel bridge structure with stainless steel mesh screen (anti-throw barrier),
- total length of bridge including ramps is 320 metres,
- width of the concrete deck is 4 metres,
- height of bridge above the rail corridor is 9 metres,
- concrete ramp and staircase at the ATP and North Eveleigh sites, and
- appropriate landscaping at ATP and North Eveleigh site.

Photographic montage of EHW from the air

### ENVIRONMENTAL ASSESSMENT
