

Will you get on board?

Waterloo Train Station

Get the details and have your say

Transport for NSW is consulting on a Sydney Metro railway station in Waterloo near Cope and Raglan Street shops. The **City of Sydney** has earlier proposed a station in Waterloo on the airport line.

UrbanGrowth NSW has proposed high density redevelopment, linked to the station, on the **Land and Housing Corporation** owned Waterloo public housing estate managed by **Housing NSW**.

REDWatch has invited all the above players to explain the proposals to the community so you can have your say. **Prof Michael Darcy**, who is experienced in engagement with public housing communities, will also contribute.
